

DIAMANT Huguenot

DESIGN AND CONTEMPORARY, A TILE THAT DISPLAYS ITS AMBITIONS

Large Format Interlocking Clay Tile

Ref. 219

COLOURS

To overcome any minor shade variations inherent in the production of natural clay products, we recommend that tiles are mixed from at least 3 pallets on site.

SILVER BLACK

RUSTIC FLAME

ON SPECIAL ORDER ONLY

The colours shown here are only as accurate as allowed for by the printing process. Product samples are available on request.

This product was manufactured by an organisation certified compliant, by AFNOR Certification, with the following benchmarks: ISO 9001 for quality, ISO 14001 for the environment, and ISO 50001 for energy. All EDILIANS roof tiles comply with the requirements of the NF EN 1304 standard. Only tile models identified by the NF, NFM, or NFFP logo are compliant with the requirements of the NF063 Clay Roof Tiles certification. The characteristics certified by the NF Clay Roof Tiles specification are appearance, geometric characteristics, resistance to breakage by bending, Class 1 waterproofing, resistance to freezing in accordance with NF EN 539-2, resistance to "mountain climate" freezing (for models bearing the NFM logo only), and suitability for use on low-pitch roofing (for models bearing the NF FP logo only). www.marque-nf.com

DIAMANT HUGUENOT

Large Format Interlocking Clay Tile

Both original and thoroughly contemporary, the award-winning DIAMANT tile takes its place as the jewel in the crown of the EDILIANS portfolio of clay roofing tiles. Completely unrivalled in shape, design, appearance and effect, the DIAMANT offers a rare combination of aesthetics for architects with the vision and imagination to specify something refreshingly different and innovative for their new build and refurbishment projects. The beautiful, angular surfaces of the DIAMANT reflect colour and light as never before, challenging traditionally-held views on roofing. The Argentique colour glistens and reflects light on subtle ways never previously seen on a natural roofscape.
